

PUBLIC NOTICE

Issue of Rates Notices

Wednesday 16th January 2019

As most ratepayers will be aware, the second rate notice for the financial year ending 30 June 2019 is due to be issued.

However, due to the deteriorating weather conditions across the Shire, it has been decided to delay the issue of rate notices to Friday 29 March 2019, the issue date. The discount period will be the usual 30 days beyond the fixed date.

Council is mindful of the impact of sometimes significant financial burdens placed on families, at this time of year and in these weather events, and is hopeful that this decision will assist everyone affected.
