TAFE Queensland is supporting local communities, preparing graduates for the jobs of today and helping people re-skill or upskill for the jobs of tomorrow.

The Volunteers and Events Training Program is part of the Queensland Government's Tourism Recovery Package, providing free training for volunteer and paid event organisers in disaster-affected communities. The program is designed to provide both experienced and new volunteers with a large range of practical information and techniques that can be applied in a volunteering environment.

The Volunteer and Events Training Program is jointly funded by the Commonwealth and Queensland Governments under the Disaster Recovery Funding Arrangements (DRFA).
